Lois Bliss Herbine is a leading performer and teacher of musical expressiveness following the methodology of the Philadelphia Orchestra's legendary principal flutist, William Kincaid.

All six accompanied recordings from her CRYSTAL RECORDS CD, *Take Wing*, have been broadcast on radio stations across the United States. The Gramophone hails her recital as "high-flying" and "beguiling" and Music Web International exclaims, "Another leading wind soloist takes flight."

As a commercial orchestral artist, Herbine has served as principal flute for Peter Nero's Philly Pops and the Mann Festival orchestra, and performed in soundtracks for television and radio specials, theme music and commercials.
